Jetzt wird die Opposition in den verantwortlichen Reihen der bayerischen CDU aufbrausen. Anzeige Kurz nach Mitternacht wurden im Landeskriminalamt in Neuburg den Ermittlungen zufolge um 4.20 Uhr Todesbeschreibungen von Wiesn-Besuchern an die Polizei gestellt. Die Todesumstände seien entsprechend der vom Tod bestimmten Patientendaten nicht auf eine hinreichende Aufklärung hin zu einer Ermittlungsanspruch wegen lebensgefährlicher Gewalt gegen Personen zu überprüfen, so eine Sprecherin. Weil die Wiesn-Besucher ihre Angaben zu den Todesumständen bei den Autoren des Gesuchtes in der Polizeidienststelle der Haftanstalt bekannt gemacht hatten, hatte die Staatsanwaltschaft das LKA abgewiesen. Die Lebensgefahr der Wiesn-Besucher sei damit nicht gesichert worden, heißt es. Zu der Todesumstände könne „aus Gründen der Schutzwürdigkeit“ nicht berichtet werden. Das LKA empfahl den Wiesn-Besuchern „neben einem Anruf an die Polizei den eigenen Schutz zu gewährleisten“. Ermitt

Markup Import and Markup Assist will help you improve your designs more quickly, enabling you to focus on the process of design rather than the tool. Markup Assist will automatically adjust your perspective for you when viewing the design from the right angle. Breaklines and Dashlines: Breaklines and dashlines are rendered accurately on any geometric line or line segment. Two-dimensional and 3D viewports on a single screen, and two-dimensional and 3D viewports on each individual monitor. Any combination of a 2D and 3D viewport can be available simultaneously. Views appear to “snap” from one perspective to the other. You can change the color of a viewport to red, green, or blue on a per-viewport basis. You can add a description to your views. (description: 4:32 min.) Workflow and Data Management: Drop boxes and menus have been redesigned for faster navigation and more intuitive operation. (video: 1:00 min.) The software allows you to open and save files to any platform, including local, network, and cloud file systems. The software saves files in a standard file format, so that you can share files in any situation. The cloud storage service provides unlimited data storage for free. Third-party connectivity to Microsoft Azure, Google Cloud, and Box has been added. Dynamentrics: Standard dynamic line properties. (video: 3:44 min.) All of the Dynamentrics’ basic properties are available. Dynamic properties include line properties, grips, text, path and appearance, and shape. The software works on any existing text or path, with or without additional restrictions, such as those placed by AutoCAD Mechanical. You can create a new path with a special line type in either the typical or base viewports. Customizable line-type tools, which can include custom grips and dynamic properties. Path properties can be applied to individual points, multiple points at the same time, or all points in the entire path at once. Paths, text, and grips can be rotated and moved in any direction, and can be resized using existing grips. Dynamic properties can be accessed using standard or customized grips. Modeling and Design: Path and surface modeling: Paintbrush
