small, and much cheaper than the
original iPad mini, the new iPad mini
with Retina display is the best option
if you want the super-sleek form factor
of an iPad but don't want to be
constantly bent over your iPhone, too.
In just about the last week of its two-
year run, Apple is offering a generous
price cut to bring its 12-inch Retina
Display-equipped iPad mini back down to
199 pounds or about \$449 USD.
Previously, the 12-inch iPad mini hit a
\$579.95 minimum price tag, and the

21.5-inch 4th generation Apple-designed iMac, Apple's top-of-the-line professional desktop, was a \$2,999 price tag. The trade-off? The iPad mini is now \$49 less than its predecessor
