
Tom Clancy End War 2 Pc Torrent ((NEW))

Tom Clancy's EndWar worked well with voice commands, which I guess was one of the biggest hurdles in development, but the game itself? You don't want me to mention that the game was very similar to "Battle" which doesn't have a voice command in the title This may be too good to be true, but... I played EndWar and had no issues with voice commands, except obviously for some enemies that didn't speak. I couldn't find any issues with voice commands in the game, if you can tell not to press the "T" button (which is basically there anyway
