Company is a 2002 Hindi-language crime thriller starring Mohanlal, Manisha Koirala, Vivek Oberoi, Ajay Devgan and Antara Mali. The film is set around ... One day, when my friends and I were relaxing in a restaurant, a policeman came up to us and asked us to go to his station. There we saw the body of a man who was dead... And his murderer turned out to be a local rich man, who hired us to find the real culprit. At first we were not impressed by the film, but later, after Mohanlal came along, everything changed. Also, as it turns out, there is a love line as well. The movie is very interesting, tense, dynamic and not predictable.
