Bet Bet Bet Eighth-placed Arsenal will finally see former manager Harry Redknapp return to the dugout when they take on current boss Arsene Wenger's equally unsuccessful team of 10 years ago, as the north Londoners set about their quest for silverware for the first time since 2005. They face a Stoke side out of the relegation zone - in 16th place, but the pressure has eased at the Britannia Stadium after three consecutive losses - and with five more points secured they will be only the seventh team out of 16 to complete the double this term. Nevertheless, they may have to settle for a fifth-place finish in the Premier League, their best showing for half a decade, as some of their young squad begin to take hold of the reins. Arsenal have already found their first win of the campaign, last weekend's 4-1 thrashing of Swansea, but all five goals were scored by youngsters, with Tomas Rosicky and Denilson the only Arsenal players involved in all four. They face a Stoke side without a point in three of their past four league games and without a win since October - but what can they fear in Stoke? The Potters' recent form might hold some promise for the Gunners, but only if they can get in their opponents' heads. They have only beaten Arsenal twice in 15 meetings across all competitions this campaign - and if they fail to keep the opposition in check and, especially, keep the Gunners on their toes, they could find themselves dealing with a late-afternoon onslaught when they visit Highbury for the first time since 2006. Arsenal are unbeaten in their previous eight home league matches against Stoke, winning six times. They have only lost once in 12 attempts at the Britannia Stadium under their current caretaker coach, Steve Beaglehole. The last time the hosts beat the Gunners was on the opening day of the 2005/06 season, when they won 1-0 thanks to a goal from Thierry Henry. Stoke dominated much of the game, without finding an equaliser, but they had to bow out of the FA Cup in the quarter-final, after their goalkeeper, Peter Siemer, was
