Head AS Code is a visual novel set in a dystopian world where you are a low level soldier in a pixelated army. Your training is done by text, one, or two line dialogue boxes that only show up once a day at random intervals. Your only guide is the interface shown in the upper right of your monitor and the small, sarcastic voice that follows you around. You must navigate a dystopian world of corrupted AI, violent pixelated soldiers, and cryptic interfaces. This game is not a standard visual novel. Our goal was to have unique dialogue that you can't experience anywhere else, so the story would stand on its own. The soundtrack is 17, dark electronic tracks with strong contrast and interesting melodies. The songs were intended to be exciting and unexpected. As the game is set in a dystopian, hellish future, with societies destroyed and AI taking over humanity, we thought it was fitting to have a background resembling hell.

The hardest and yet most relaxing soundtrack I have ever heard. Every track fits perfectly in the game, especially the sample instrumental for each of the four main characters, 'The Aldator', 'The One-Eyed Man', 'The Spiritless Man' and 'The Beast', which you get to hear a couple of times. Without a doubt, this soundtrack is my new favourite musical soundtrack. It is also very light, which makes the soundtrack perfect to listen to before going to bed, or at any other time of the day really. It does not make much sense since it is an electronic-style soundtrack, but all the more reason it is still one of my favourite. The instruments used are perfect, they don't become annoying during the game, just like I don't find the track 'Voice of the Moon' to be annoying at all. To conclude, the soundtrack is great and definitely worth the money (I bought it on the Bandcamp page and it is worth the investment). I also recommend you to buy the sound effect pack from the same website, it is also great. 10/10 Amazing soundtrack This soundtrack is amazing! The hardest and yet most relaxing soundtrack I have ever heard. Every track fits perfectly in the game, especially the sample instrumental for each of the four main characters, 'The d41b202975
