During a massive solar flare, an anomaly was discovered in the sky that promised to be the greatest discovery in human history. Archeologists built an Ark in orbit to save a few specimens and the records of our civilization. Now, the solar flare has ended and life is returning to normal; but the damage to the ARK's systems is too great, and the survivors must face what awaits them in the wilderness. If you like your game genres old-school: RPG, Simulation and WINDOWS-COMPATIBLE. You can play INSOMNIA in English, Portuguese, Spanish, French and German. Join us to enjoy this amazing experience! Name of the game Human Story Short description of the game Climax What's this game all about? INSOMNIA is a post-apocalyptic adventure game, in which the player takes control of a man or woman, searching for the exit of the Ark. The person explores the Ark using a hand-made, quasi-cinematic 360° camera. According to the story, the Ark was built in the year 2046 and moved to orbit in order to avoid radiation, but it did not prevent, due to a rare event, the solar flare that took place in 2221. Solar-flare radiation damaged the Ark's systems and that is why it was necessary to send into the Ark a crew of soldiers and their families. On the Ark, you will find everything that is necessary to live, considering that the chosen place is a large apartment building of the most basic type. However, the Ark has limited resources, so, the player has to conduct different tasks, such as collecting water, food, fuel, etc. Through a series of 15 scenarios you will have to take care of your needs and furnish the apartment. For this purpose you can buy items, elements and units. The Ark has all its equipment and food, as well as enough fuel to last 5 days. The Ark has two periods, day and night, divided by a 20 minute long night. You can walk, jump, attack and fight. You are able to load a large amount of firearms, as well as crossbows, melee and sniper weapons. You can also equip all your items and craft weapons with modifiers. The Ark is very well designed and there

Released Blizzard has just announced that on Oct 31, the newly launched digital MMORPG Eve Online will be offering a 20% boost to Gold while it is Alpha testing. This event will be valid for 3 months and will last until the launch of the Eve Online Open Beta Phase 1. All the information about this event and the timing you

need to be aware of can be found below: “Starter Pack will be offered for the Eve Open Alpha as a reward for those who pre-ordered. The period will be running 3 months, from the release of Open Alpha until the Open Beta launches. All players who have ordered it will be receiving an email to claim their starter pack. “To claim the starter pack, players must log into the Eve client and access the World updates menu from the main menu, and choose the “Enter the World” command. After entering the updated world, all items will be available to pick up. The starter pack can be bought with either 250,000 or 500,000 in-game currency.” “After purchasing the starter pack, all items will become available in the character equippable area once the character is fully formed. Non-player characters will not be able to equip the items. The starter pack’s item inventory will be available from the ingame menu, but all items will need to be re-equipped to the character each time a new version of the client update is downloaded, and character equippable items of higher level than the maximum level character can equip. “The 20% Gold boost is provided in place of the starter pack purchased. Players will need to make sure that they are assigned to a pilot account before log-in in the character select screen or subsequent client updates, as P/KM balances are not applicable to the pilot account’s Gold.” Buy Gold With Your Ingame Email - Eve Online: Starter Pack Mentioning the in-game account which has been created for you as part of the Eve Online setup process you just completed, this system lets you verify your email, so in the future you may have all the time to log in with the Eve Online account assigned to your in-game ID. Consequences of being logged in as the latter account (which may not have been yet confirmed for the players account sent a mail to them: “Eve Online owners that received their mail must log back in
