Does anyone have win 7? downloaded 4 years ago (08-09-2008). Windows XP Professional SP 3 : Download!. 2000. ISO. In Red Dead Redemption, protagonist Arthur Van Brunt has a number of horses, including a prized Arabian stallion called Seabiscuit. In Rockstar's bicentennial Western, we can't buy a single horse. Instead, we're limited to a handful of unnatural-looking beasts and our own two feet. We're not doomed, though. While we can't ride these new horses in Red Dead Redemption 2, Rockstar has put together a walkthrough that shows how to tame and ride the beasts. You might need a saddle first, though. The walkthrough—which contains a wealth of video, tips, and screenshots—shows you how to ride and care for all of the available animals in Red Dead Redemption 2. It also has a "tamer's guide" for the remaining animals at Rockstar's discretion. First, you need to take one of two animal care classes. The first lets you care for tame animals, whereas the second lets you care for wild ones. You'll eventually take all of the classes and gain access to all animals, including racing horses and dogs, but you can't enter an area with a tame horse until the racing horse section opens up. Tame animals are generally easy, though, and include birds, rabbits,

and mice. They just need food, water, and regular grooming. If you want to cross the water, you need a raft and a beached boat
