I'm all about the challenge! I've been to the first day of creation in London, it was a lot of fun. I'm still looking for something similar here in Memphis! Thanks for the info! It's so much fun to plan these together! The funniest story is not that Scoot and Matt are silly, well, it is, but funniest story is that they did not even know until they started to do the Taster's Challenge that it was a Taster's Challenge. Once they saw that in fact it was a Taster's Challenge, Matt first said: "that is stupid, it is no fun at all" And then Scoot said: "You don't want to do that, Scoot" Gestational weight gain and the risk of gestational diabetes mellitus. Despite the critical importance of gestational weight gain (GWG) in the developing fetus, recent evidence suggests that increasing GWG may protect against later development of type 2 diabetes. We examined the association between GWG and the risk of gestational diabetes mellitus (GDM) among women enrolled in a community-based intervention trial. We included 257 women who had normal glucose tolerance in a substudy at 14 weeks of gestation. They were randomly assigned to an educational program or standard prenatal care (SPC), with GWG outcome data available at the 14- and 28-week visits.
