I'm not familiar with how these games are structured, but looking at the screenshot you have posted and running it in Eclipse gives the following error messages: Your project contains errors, please fix them before running your application. Specify the '-console' argument to see the full details. A: You should not be using visual studios for a java project. In terms of Eclipse, you should have a look at those guys at the java powerhouse or similar: the links for the version control guys are here: You can download eclipse right from here: Again I'm not familiar with eclipse, but I would imagine it would be similar to getting the right version of visual studio (i.e. different tools). You are here An award-winning independent publisher of children's books, Oxford University Press, has been ranked in the top five of the best children's publishers in the United Kingdom. i The University of Oxford Press's children's list includes UCLan's North East, Cumbria and Teesdale children's librarianship course; and two courses for Scottish Educational Institute - North Eastern Scotland and South West Scotland. This recognition is reflected in the content of the School Information Section of the Oxford University Press School Information Catalogue. Additionally, this list is included in the Summer 2017 edition of the Teaching Books Service's Good Children's Books That Work for Children series. Recognised for outstanding output in the field of children's literature, the University of Oxford Press also publishes high-quality illustrated reference works. The Children's Reference List is published annually and has been a major source of reference for library staff for many years. The Children's Reference Guide was published in 1995 and now enjoys a four-times-a-year print run. A print-on-demand version is available through The Oxford University Press was founded in 1632 and in February 2010 marked its 350th anniversary.
