New Ways to Play Subtle and intuitive changes to FIFA's way of playing has been a driving force behind many of the game's biggest improvements. FIFA 22 includes several new ways to play: Create-A-Playmaker - Allow players to use the power of Create-A-Player to create and build a new human-controlled athlete, controlling where, when and how to make an impact in every situation. The possibilities are endless. - Allow players to use the power of Create-A-Player to create and build a new human-controlled athlete, controlling where, when and how to make an impact in every situation. The possibilities are endless. Pro-Directed AI - With Pro-Directed AI, players are empowered to take control and lead the game in the way they want to, as the director does. This technology gives players control over the way their team plays, and the way each player plays within the team. , players are empowered to take control and lead the game in the way they want to, as the director does. A new one-tap mode lets you learn concepts quickly and focus on real-time challenges. New World Cup Difficulty - FIFA World Cups are designed to test the limits of human-controlled teams. The new World Cup difficulty is designed to push the hardest limits on artificial intelligence (AI), such as eliminating player fatigue and giving human control a higher challenge on offense, defense and transitions. The Draft is Back - FIFA 21 simplified some aspects of the Draft function by breaking it up into two separate phases. The First Phase is when the Team is deciding who will take the first pick, and the Second Phase is when the Teams make the actual choice with the digital board. FIFA 22's new pick system works like a sports draft. - FIFA 21 simplified some aspects

### Fifa 22 Features Key:

- New Commentary Team, featuring over 150 games and 30 different commentators covering the main tournaments/league seasons, in over 5 different languages, for the very first time ever
- Groundbreaking Player Motion System, bringing both speed and accuracy to FIFA's presentation of player motion and animation. This will serve to enhance the game's existing gameplay, and will work with multiple layers of player features such as skills, stamina, and location; any aspect of the football can influence the many aspects of a player's performance
- New AI Editor, with complete control over AI players' team tactics and roles allowing users to fine-tune and create highly interactive matches & AI opponents. The AI Editor is integrated into the new Fifa 22 AI routines, so teams no longer have to use any trial-and-error methods to set up matches. Now, create the perfect team and tactics in an instant with 100s of new and improved settings. Free up your time and make your games more enjoyable
- New European Leagues and supporting competitions such as UEFA Champions League, Italian Serie A and the new UEFA Europa League
- Add-on content update, which will enhance FIFA 22 and add new items to FIFA Ultimate Team. Please note that EA will not provide any additional content on day one of this update
- Early 2013 Out Now on Current-Gen and Next-Gen Platforms!
