We have no idea what that means.Q: Disable the Autocomplete textbox control in JQuery How can I disable the autocomplete text box control in JQuery, after we type we wont get the suggestion in it. Please help thanks in advance. Thanks in advance. A: You can do this: `$("#id_of_textbox").prop("disabled", true);` or `$("#id_of_textbox").attr("disabled", "disabled");` A code of practice, accountability measures and recommendations on the psychiatric aspects of care in a secure psychiatric unit. To provide policy makers and service providers with a description of the management of psychiatric care in a secure unit to help them to develop guidelines for the safeguarding and safeguarding review of patients in such units. In a retrospective review of new admissions to a specialist secure forensic psychiatric unit, a descriptive audit was used to examine the quality of care and the number and nature of incidents. The findings and audit were then presented and discussed with the staff, and recommendations made. The average length of stay was 17 months, with a maximum of 25 months. During this time four distinct phases of care were identified. These were Phase 1, 'Deprivation', when the patient was held in conditions that were judged to be inferior to those of the general hospital, Phase 2, 'Assessment and Preparation', when the patient was ready to be transferred to the community mental health team, Phase 3, 'Preparation and Placement' when the patient was moved to the community, and Phase 4, 'Community Management'. There were four incidents of physically aggressive behaviour and three of verbal aggression that had to be dealt with by, or were referred to the police. These were all detected early and the patients were discharged. There were no incidents of suicide or homicide. The care of patients in a secure unit is very complex. A division between community and secure facilities should not be made and there needs to be a collaborative approach to the management of patients both in
