Q: Strange behavior of FTP Upload on Windows from the USB Drive  
When I try to connect to FTP server from the USB Flash drive, first everything works fine. After some time (say 1 minute), the drive disconnects itself and the FTP upload stops working. This only happens in Windows. On macOS it works OK. Did anyone experience this issue before?

Thanks A: Upgrading to 10.14.4 solved the problem. india

Supreme Court today declined to list for hearing a writ petition which has questioned the constitutionality of the new legislation. A bench headed by justice NV Ramana on February 27 had asked the Centre if it was ready with a list of “cost-benefit analysis” as mandated by the new law. The Centre had submitted that it was for taking a view on the merits of the litigation. The court took up the writ petition, lodged in 2001, from two lawyers, Arjun Singh and Rajeev Dhawan, before the Supreme Court. The information law, which has replaced the archaic Official Secrets Act, has provisions which extend to the whole population and imposes fines on those who disclose classified information.
