klingsons wear a high necked variant of the traditional klingon armor, called the kir'kin. this kir'kin differs from other klingon armors in that the kir'kin has unique additions to its construction that are not seen elsewhere. the kir'kin is more heavily padded than other klingon armors, and is usually covered in a colored fur. (ent : the vengeance factor, klingons, star trek vi : the undiscovered country, star trek : first contact, enterprise : the first adventure) the federation is a society based on the principles of federation law, which establishes a form of government for its member worlds. the federation is governed by a single, supreme government, which is called a united federation of planets (ufp) in the united federation of planets. star trek often uses the words "united federation of planets" as a way of referring to the entire federation. however, in the non-canon "mirror universe" series of novels, a future version of the federation exists which is called the " federation of planets ", and which is said to be led by an individual called the " federation president ". in the mirror universe, the federation president is not one person, but is instead a federation of three individual persons. (mirror universe) the maquis were a rebel group formed by the inhabitants of the planet of the same name, the first planet to be colonized by humanity. the maquis' name is derived from the word marqui, which means "outlaw".
