The program allows you to recover Internet Explorer and Outlook Express passwords saved by Windows. It can also be used to selectively delete, copy or save Internet Explorer and Outlook Express passwords and logins information. Product Key Finder is a utility to help users find their Windows Product Key or Windows Serial Number. It is easy to use and simple to install, but if you have lost or forgotten your product key, this can save you many hours of searching on the Internet. EASY to use and requires no installation.

Simply runs from your hard drive and searches the entire Windows registry for the Windows serial number and product key. It also allows the user to back up the Windows serial number for future updates or use. The Windows serial number is not saved anywhere on the hard drive. Product Key Finder searches the entire Windows registry to find the Windows serial number, Product Key, and key verification code, using the following patterns: 1) *SerialNumber 2) SerialNumber= 3) SerialNumber=* 4) *PRODUCTKEY 5) PRODUCTKEY=

6) PRODUCTKEY=* 7) *productkey 8) productkey= 9) productkey=* The program will then display the Windows serial number or product key, key verification code, if found, or will display an error message if the serial number or product key was not found. This utility is for use on the Windows 98, Windows 2000, Windows XP, Windows Vista and Windows 7 operating systems. Outlook E-Mail Password Finder was developed to help users locate lost passwords for various E-Mail accounts including Hotmail, MSN, AOL and others. You can search

your Outlook Express E-Mail password information, all within your default Outlook Express window. The E-Mail passwords are not saved anywhere on your hard drive, so this utility will not cause any problems to your system. This is a program to help you locate lost e-mail accounts and passwords. It will also help you retrieve e-mail accounts and passwords saved on the computer. You can search your Outlook Express E-Mail password information, all within your default Outlook Express window. The e-mail passwords are not saved anywhere on your hard drive, so

this utility will not cause any problems to your system. The program works on the following operating systems: Windows 98, Windows 2000, Windows XP, Windows Vista and Windows 7. Product Key Finder is a utility to
